

Precious Metals Dealer A-Mark Taps Securitization To Boost Margin Lending

Asset Securitization Report – Allison Bisbey

June 8, 2018

A-Mark, a precious metals trading company based in El Segundo, Calif., is turning to the securitization market in order to boost margin lending to its clients.

The company is selling \$100 million of bonds backed by a revolving pool of loans secured by precious metals as well as some of its own inventory of cash and gold, silver, platinum, and palladium.
